RIGHTS AND OBLIGATIONS OF THE PARTIES

HERTTA.CLUB RY provides ice slots intended for self-practice and private coaching through its booking system, on a contractual basis and independently of club membership.

HERTTA.CLUB RY offers projects and camps, which are announced on the Hertta Club website, and registration for them takes place via the Hertta Club website.

I understand that this is an agreement for the right to use Hertta.club ry ice for the 2026–2027 season. An ice slot can only be booked through the Hertta.club ice booking system if the coach has a valid agreement.

I understand that I have the right to bring my own skater to the ice I have booked, provided that the skater also separately registers under the "Skater Registration and Agreement" section on Hertta's website.

I understand that I have the right to step onto the ice booked by a Hertta.club ry skater when I have a valid "Coach Registration and Agreement."

I understand that I have the opportunity to be invited as a project coach for Hertta.club ry and/or to Hertta.club camps if I have a valid "Coach Registration and Agreement." Coaches invited to projects and camps will additionally sign a Hertta.club purchase of services agreement and marketing agreement, in which the terms and conditions for each specific project or camp are agreed upon separately.

I understand that Hertta does not bill the skater for coaching, does not take a commission on the coaching provided by the coach to the skater, and does not market the coach on the basis of this agreement. I understand that I act as an independent professional / sole trader. No employment relationship as defined by the Employment Contracts Act is formed between the parties.

I understand that Hertta.club is not responsible for damages on the ice or outside the ice, nor for lost property during ice slots, during or after them, nor during or after off-ice training.

I understand that I may terminate my agreement at any time and request the removal of my information from the Hertta.club customer register. However, ice slots, project registrations, and camp registrations that have already been bindingly booked must be paid for in connection with the registration in accordance with the cancellation terms approved at the time of registration.
